

INTERNSHIP PROGRAM TABLES

Date Program Tables are updated: 9/3/21

Program Disclosures

As articulated in Standard I.B.2, programs may have “admission and employment policies that directly relate to affiliation or purpose” that may be faith-based or secular in nature. However, such policies and practices must be disclosed to the public. Therefore, programs are asked to respond to the following question.

Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution’s affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values.	<p>_____ Yes</p> <p>__X__ No</p>

Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program’s policies on intern selection and practicum and academic preparation requirements:
In addition to meeting the minimum requirements outlined in the Application and Selection Procedures section in the brochure, interns most suited to our program are interested in working with Veterans, rural and highly rural populations, interdisciplinary teams, medical centers, adults over age 65, and/or a generalist experience in various therapeutic interventions. Prior supervised experience in any of these areas is of high benefit. Candidates seeking significant experience doing research or extensive neuropsychological assessment are unlikely to find our program a good fit to their goals. Our program is based on the Scholar-Practitioner (Vail) model, with interns trained as practitioners and informed consumers of research.
Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:
Total Direct Contact Intervention Hours: _____ Y _____ Amount: 250 Total Direct Contact Assessment Hours: _____ Y _____ Amount: 25
Describe any other required minimum criteria used to screen applicants:
<ol style="list-style-type: none">1. Doctoral student in clinical or counseling psychology program accredited by the American Psychological Association (APA) or the Canadian Psychological Association (CPA).2. Approval for internship status by graduate program training director.3. U.S. citizenship.4. Valid Drivers License. <p>*We prefer, but do not formally require that applicants have their qualifying exams and dissertation proposals completed prior to applying for internship.</p>
